

Frantic Films VFX is looking for an experienced VFX Producer to work with the productions team, facility supervisors and management to produce feature film VFX projects.

Frantic Films VFX has firmly established a reputation as one of North America's most dynamic and creative resources for stunning visual effects, ground breaking research and development, and dynamic pre-visualization. We take pride in redefining the cutting edge of CGI and digital VFX with each new production.

The VFX Producer will work with the VFX supervisor to establish and maintain relationships with clients, and work with the production team to deliver outstanding VFX shots. The Producer will also be responsible for working with other producers and management to ensure that all projects and requirements are met across all offices. The VFX producer is a key position in the overall team at Frantic and will play an instrumental role in ensuring the success of all projects and the facility

The following are the requirements for the position:

- At least 3 years experience in being a producer of feature film VFX
- Industry experience in budgeting for visual effects projects is essential.
- Working with supervisors and artists to set realistic goals for completion of assets and final shots and communicate that both to the client and internally.
- Develop working methods and resolving production challenges.
- Act as primary client liaison.
- Work with the supervisor to address client's requests.
- A pleasant personality and strong people skills.
- A strong knowledge of Excel and Filemaker is essential.
- Knowledge of Microsoft Project is an asset.

Qualified candidates with legal work permit status in Canada and or United States should email their resumes to vfx-employment@franticfilms.com with the subject reading "VFX Producer"

Or, send Resume to:
